Washington Dispatches

An Important Measure Intro-
duced in the Senate.

THE MEXICAN FRONTIER LINE.

It is to Be Relocated and an Appropriation Will Be Asked to Pay the Commission for so Doing—Proceedings of the House and Senate—Other Washington News.

WASHINGTON, July 31.—Mr. Sherman offered in the senate an amendment to the deficiency appropriation bill to appropriate \$50,567, to enable the president to execute the engagements of the convention of July 29, 1882, or the relocation of the frontier line between the United States of America and the United States of Mexico.

The Mexican government has determined to issue no authorizations nor permits hereafter to foreigners to purchase real estate within the territorial limits stated, until there shall have been a final adjustment of the boundary between the two republics.

A serious conflict may occur any day at El Paso, Eagle Pass, or Laredo, in attempting to arrest any disorderly person or to serve any process on the railway or highway bridges at these points.

There is now available an appropriation of \$100,000 to pay the expenses of an international boundary commission, but as it is estimated that \$224,557 in all will be needed for this purpose, the department has hesitated to begin the work for fear that the commission will be embarrassed for lack of funds.

Senate and House Proceedings.

WASHINGTON, July 31.—In the senate yesterday the resolution to meet hereafter at 10 a. m. was agreed to, Mr. Morrill and Mr. Carlisle spoke at length on the tariff question. The duty on chloroform in the bill was reduced from forty to twenty-five cents on motion of Mr. Aldrich. A number of reductions proposed by Democrats were rejected. The conference report on the District of Columbia appropriation bill was discussed but not disposed of.

In the house fifteen requests for leaves of absence were presented, but on objection of members who feared the house might be left without a quorum, they were passed over. The conference report on the District of Columbia appropriation bill was discussed and agreed to. The senate irrigation amendment to the sundry civil bill was discussed without action. Messrs. Morrill, Sawyer, Smyer, Goodnight and Martin, of Indiana, were appointed the committee to investigate the pension office.

One Point Overlooked.

WASHINGTON, July 31.—The secretary of the interior sent to the senate yesterday a letter calling attention to the fact that the act to provide townsite entries of land in Oklahoma, fails to confer any power upon the boards of trustees to issue subpoenas for the attendance of witnesses before the boards, or provide any penalty for the refusal of a witness to obey such a summons. The secretary lays before the senate the opinion of Assistant Attorney General Shields on this point and the form of a bill to remedy this defect in the law.

Population of Salt Lake City.

WASHINGTON, July 31.—The rough count of the census returns from Salt Lake City, Utah, just completed at the census office shows the population to be 45,025, an increase since 1880 of 24,257, or 116.81 per cent.

No Truth in It.

WASHINGTON, July 31.—Nothing is known at the state department about the reported recall of Dr. Cruz, the Guatemalan minister. The story is not credited there.

The President at Cape May.

PHILADELPHIA, July 31.—Special to The Inquirer from Cape May says: President Harrison arrived here at 9:30 o'clock last night. He was met at the depot by his family and affectionate greetings were exchanged. His car was switched on to the railroad that runs to Cape May Point, and the president was soon in his cottage. He will probably remain until Tuesday. Secretary Blaine is expected to visit the president here. It is said that he will leave Bar Harbor on Friday and will stay here until Tuesday, accompanying the president to Washington. It is also said that a government revenue cutter will be brought here for the use of the president's family during the balance of their stay.

Result of Warm Weather.

CINCINNATI, July 31.—Two cases of prostration of heat were reported yesterday. Henry Dugus, aged 24, married, living at 56 Storrs street, and employed by the Cincinnati Spring Works company, was overcome at 12:15 p. m. at Eighth street and Cincinnati, Hamilton and Dayton railroad. Not serious. William Hart, aged 56, married, was prostrated while digging a cistern on the Delhi pike, near the 26 engine house. The case is not alarming. Hart lives at Mt. Echo.

Overcome by Heat.

NEW HAVEN, Conn., July 31.—Matthew Osgood, a carpenter, while at work yesterday noon, was overcome by the heat and died in a few minutes. The second case was that of Michael Ossippee, aged 24, a Russian, who dropped dead in the doorway of his home at noon.

Inspecting the Navy.

NEW LONDON, Conn., July 31.—Yesterday morning Secretary Tracy went up to the naval station on the torpedo boat Cushing. He was received by Capt. Bunce and shown over the station. The secretary expressed much satisfaction with the location and natural advantages of the position.

SEARCHING FOR THE DEAD.

The Baltimore Disaster Now Claims Six
teen Victims.

BALTIMORE, July 31.—All day long a crowd of busy searchers with grappling irons and hooks were fishing the waters in the vicinity of Monday night's disaster on the river for bodies of victims. Seven bodies were discovered. They are: Harry Kopp, Lina Beitz, Lillie Griggs, Annie Ruth, Mrs. Sophie Faber, Mrs. Lizzie Grenzer, Willie Beigal. The bodies were in a badly decomposed condition and presented a sickening appearance. The flesh of the faces was eaten away by crabs. They were recognized mainly by their clothes and jewelry.

It now seems that the total number of persons who lost their lives by the disaster is fourteen. In addition to those known or supposed to have been drowned and killed, it is probable that death will soon claim two other victims, who are now lying at the point of death, all hope having been abandoned. These will swell the list of fatalities to sixteen.

B. & O. Extending.

PITTSBURG, July 31.—The Baltimore and Ohio railroad has secured a route for a trunk line between the east and west, and in a few months will commence work on a connecting line which will unite the railroads in southern New York with their own road. The proposed route is via Pittsburgh and Western to Butler, Pa., and from there over a new road to be built to Punxsutawney, a distance of 80 miles, which will unite with the Buffalo, Rochester and Pittsburg. The latter road connects with the New York, Pennsylvania and Ohio at Buffalo, and has the use of their tracks to New York.

MACHINE SHOPS SHUT DOWN.

PITTSBURG, July 31.—The Baltimore and Ohio machine shops at Connellsville and Glenwood, on the Pittsburgh division, were closed yesterday, throwing out of employment nearly 600 men. It is given out by the officials that the suspension will last only this week. This is not believed, however, by the employes. It is known that the city government of Cumberland, Md., and the Baltimore and Ohio company have become parties to the agreement, whereby all the repair and machine shops between Pittsburgh and that city will be consolidated and located there.

Meeting of Vigilantes.

FRESNO, Cal., July 31.—About fifty or more vigilantes met on Monday night, and it is reported that they had vowed to take eight men now confined in jail here charged with murder and summarily mete out to them the justice they deserve. The sheriff immediately took precautions to prevent them from carrying out their intention. He organized a band of forty men to guard the jail and says the vigilants will get a warm reception. The vigilantes have not as yet put in an appearance at the jail.

LATEST FROM THE SUGAR TRUST.

NEW YORK, July 31.—The officials of the sugar trust yesterday announced that Kidder, Peabody & Company had been selected by them as the bankers for the reorganization committee and that the firm had been added to the committee. Treasurer Sears states that an agreement has been entered into by which the reorganization committee will not adopt any plan of reorganization until it has been approved by Kidder, Peabody & Company and the Central Trust company.

WICK FORTUNE.

BRIDGEPORT, Conn., July 31.—James Quick, a builder's apprentice, has learned that an uncle in Australia has left him \$200,000 on condition that he shall go to Australia to take charge of a large ranch there. Quick came to this country from England three years ago.

THE FARMERS AHEAD.

ATLANTA, Ga., July 31.—In the Seventh Georgia congressional district Judge C. Clements has withdrawn from the race for the Democratic nomination for congressman. This practically insures the selection of Col. Everett, the Farmers' Alliance candidate.

AN OLD MAN SUICIDES.

PORSCHE, O., July 31.—Roy Stockham, the aged father of John B. Stockham, of this city, committed suicide by hanging in his barn at Wheelersburg yesterday morning. The deceased was 73 years old. No cause can be assigned for his act.

IN NORTH DAKOTA.

MINNEAPOLIS, July 31.—A Grand Forks, N. Dak., special to The Tribune, says: The North Dakota Republican convention nominated Capt. Burke for governor: Roger Allen for lieutenant governor, and M. N. Johnson for congress.

ANOTHER DEATH.

BALTIMORE, July 31.—Alice Radigan, the 10-year-old daughter of Mrs. Annie Radigan, who was badly injured in Monday night's wreck, died last night. Mrs. Radigan is also internally injured and her death is expected momentarily.

DEATH OF AN OLD MERCHANT.

NEW YORK, July 31.—Reuben W. Fink, a merchant, who for many years past has been engaged in the South American trade at No. 73 Pearl street, in this city, died early this morning at his home in Brooklyn, aged 79 years.

DROWNED WHILE FISHING.

POUGHKEEPSIE, N. Y., July 31.—Harry Van Kueren, aged 13, was drowned here yesterday while fishing. It is supposed that he was sunstruck and fell from the wharf. His body has been recovered.

INTOXICATED DROWNED.

ALEXANDRIA, Va., July 31.—Yesterday afternoon boat on the Occoquan river, containing four intoxicated men, upset. Joseph Tavener and I. M. Force were drowned. Their bodies have been recovered.

Gone Up In Smoke.

One Million Dollars Worth of
Property at Seneca Fall, N. Y.

THE TOWN ALMOST DESTROYED.

The Most Prominent Business Street in
the Place Left With Scarcely a Building
on It.—A Big Lumber Fire in Chicago.

AUBURN, N. Y., July 31.—Fire at Seneca Falls last night destroyed half of Falls street, the business thoroughfare of the village. The fire originated in the vicinity of the postoffice and spread to the Hoag house, the principal hotel; the Hoag opera house and other buildings. The express, telegraph and telephone offices and the postoffice were destroyed.

Assistance was sent for to Geneva and Waterloo, and seven fire companies from those villages came here to fight the fire.

The atmosphere quickly became so hot that the firemen could not endure it.

The splendid Phoenix block, involving the electric light plant, the postoffice, express office, the Reveille printing establishment, The Courier, Sanderson's furniture ware rooms, and the Western Union Telegraph office succumbed to the flames, and within four hours fifteen stores east of it, to the Sheldon block, were ruined.

The flames sprang across the street to Hoag's opera house before an hour had passed, and that was consumed, with all of Fall street on that side east to the Sheldon block, while on the north side the co-operative block was the limit. On State street the flames extended to and included Kellogg's livery stable, but all of his stock was saved.

The sufferers, with some approximate losses on real property, are given below, there probably being a fairly average insurance: The Phoenix block, \$80,000; electric light plant, \$30,000 (not wholly destroyed); Sylvester Pew, \$3,000; Johnson block, \$16,000; Howe block, \$12,000; Desky block, \$10,000; Sheldon block, \$7,000; Hoag hotel, damaged, probably, \$15,000; Hoag's opera house and block, \$40,000; Daniel's block, \$13,000; the Mirror block, \$2,000; Crowell block, \$4,500; McCartin's block, \$6,500; Miller block, \$2,000.

In State street the fire has already lapped up the Hudson house and blacksmith shop, George's barber shop, Farnese's store, the Norcott block, including Comber's liquor store, Hall's cigar factory, Hanna's second-hand store, Chinese laundry, Dennison's shoe shop, Kellogg's livery stable and the two rear houses next thereto.

Fire in a Lumber Yard.

CHICAGO, July 31.—Fire, supposed to have originated from a spark from a locomotive, started about 7 p. m. in the lumber yard just north of the mouth of the Chicago river. Fanned by a heavy breeze it spread rapidly, burning over nearly forty acres before it was subsumed. The total loss will exceed \$200,000. Ayers & Company's lumber yards and Fitzsimmons & Connell Dredging company are among the heaviest losers. The fire destroyed nearly \$25,000 worth of freight cars belonging to the Northwestern Railroad company, badly burned several hundred feet of docks, scorched and damaged several vessels lying in the lighthouse slip, and badly damaged the lighthouse.

HOOSIER WHITE CAPS.

Two Turn State's Evidence and the Gang
is Bound Over.

ANDERSON, Ind., July 31.—The White Cappers, Herron Richardson, George Kirby, Strangman Stinson, Isaac Hopkins and the Rectors, Henry, Jake, Peter, William and Jasper, had their preliminary hearing Tuesday in the circuit court before Squire McCarty. The court room was jammed with spectators. Evidence in behalf of the state was all that was submitted, the defense offering no evidence. Kirby and Stinson turned state's evidence. Kirby's evidence detailed the work of the Cappers. His testimony in the case was in substance as follows:

"I am 29 years old and single. In May last the defendants and myself met at the Scatterfield school house, where it was planned to visit the farm of Samuel Hopkins and shave the tail and mane of one of his horses, and also visit the field of Meredith Stanley and break his farm implements. From the school house we went directly on horseback to Hopkins' farm, and caught his mare. Stinson held the horse while Richardson shaved her tail and clipped her mane. From there we went to Stanley's, and I went and got an ax while Richardson and Hopkins broke two cultivators into pieces. At another time the Cappers visited Ethan A. Stanley and shaved the tail and clipped the mane of three of his horses. All these degradations were committed between 11 and 12 o'clock at night."

The White Cap letter, warning Supervisor James Cox to desist from impounding cattle, under penalty of death, was submitted as evidence.

At the conclusion of the state's evidence the case was submitted to the court, and the defendants were placed under a heavy bond for their appearance at the September term of the circuit court.

SUING THE DUNBAR FURNACE COMPANY.

UNIONTOWN, Pa., July 31.—Twenty-three Dunbar widows arrived in town yesterday and entered suit against the Dunbar Furnace company for damages for the death of their husbands in the Hill Farm mine. The amount of damages claimed is not known, but will be uniform.

No Time for Sentimentality.

It is very important that a large vote should be polled by the Democrats in Kentucky next Monday—the more so in view of the pernicious legislation now being pushed by the Republicans in Congress.

It is highly desirable that every Democrat in the county should make it his business to go to the polls and cast his vote against a party that favors such incendiary and revolutionary measures as the Force Elections bill—a measure gotten up by Republicans simply and solely to perpetuate their prodigal rule.

No true Democrat will be a laggard at such a time, for all intelligent ones must surely appreciate the gravity of affairs. By staying from the polls or casting his vote for a single one of the Republican nominees he thus gives his indorsement to the g. o. p.'s rule of corruption and fraud. This is no time for any foolish sentimentality of any description. We have a good ticket and it is entitled to the support of every Democrat who cares anything for principle or party fealty.

If the majority of Republicans had their way they would soon do away with the foolishness (?), voting altogether. That would be the practical result of the Force Elections bill. Democrats while, you may, cast your solid strength against a party which farthers such iniquitous measures, and such as would soon subvert the liberties of the people, and give us a government worse than any monarchy.

"This is called an off year in politics," remarks an exchange, "but if every Democrat in the State will go to the polls and vote next Monday, it will be an awful year for Kentucky Republicans."

MAKING speeches only helps to win a political fight. It is the men who go to the polls that win the real battle. The speakers are the skirmishers; the voters are the main line. See to it that you are present at the roll call next Monday morning—Frankfort Capital.

THE proposition to levy 15 cents on the \$100 in aid of the free schools of the county is one of the most important questions to be settled next Monday. All friends of public schools should rally to the support of this measure. Judging by the petition to the County Court, the sentiment of the people is decidedly in favor of the tax.

The San Francisco Examiner thinks the Pennsylvania Republicans are running a dead heat with their Ohio brethren. Those in the Keystone State were effusive in expressing "gratitude to Quay for not having stolen more than \$260,000 from the State Treasury at one time and \$400,000 at another," and the Ohio Republicans went their full length in endorsing Foraker and forgery.

WELL, well! The Catlettsburg Democrat says: "Colonel Laban T. Moore was the only Federal soldier that was a candidate for any office this year before the Boyd County Democratic convention and he was nominated by acclamation. Captain A. C. Halley was the only Federal soldier who was a candidate before the Boyd County Republican convention for a county office, and though at the time he was Chairman of the Republican County Committee, prominent in the G. A. R., he was ignominiously defeated. This is the difference between the two parties respecting the Union soldier."

It is in face of such records as the above that Judge Tinsley, the self-selected Republican candidate for Appellate Clerk, is appealing to Union Democrats to vote against Woodford W. Longmoor. The Republicans are raising a great cry that no Union Democrat stands any show for an office in Kentucky. But this Boyd County case ought to put a quietus on such talk. And it's not the only one of the kind that has occurred in this State.

Every true Democrat—he be Ex-Federal or Ex-Confederate, will take delight in voting for Captain Longmoor, the brave and gallant one-legged candidate from Harrison.

A Few Objections.

The Ledger, of New Albany, N. Y., presents some of the principal objections to the Force Election bill. They are sufficient to condemn it in the eyes of all honest people. Here they are:

- It is unconstitutional.
- It is revolutionary.
- It is undemocratic.
- It is unrepuplican.
- It is a centralizing measure.
- It is a partisan measure.
- It interferes with the rights of the States.
- It interferes with the rights of the people.
- It destroys home rule.
- It establishes lifetime officers.
- It degrades the judiciary.
- It entails great expense.
- It offers a premium on fraud.
- It makes people pay for partisan works.
- It fastens its intamies on the country by providing for continuous appropriations.
- It emanated from a notorious election manipulator, Davenport.
- It is opposed by all the independent news-papers.
- It cannot be enforced without the bayonet.
- It proposes to put the white people of the South under negro rule.
- It will lead to a race war.
- It is more odious than the Alien and Sedition laws which retired the Federal party from power.
- It will never be submitted to by a free people.

Ohio Democrats.

The Democratic Congressional convention to nominate a candidate in the district across the river meets at Hillsboro to-day. The fight promises to be a lively one, as there are seven or eight aspirants in the field for the honor.

The strength of the various counties is as follows: Adams, 29; Brown, 41; Clermont, 44; Highland, 34; Pike, 22; total, 180; necessary to a choice, 86. From the result of the primaries which were held throughout the district last week, and barring withdrawals, the first ballot will be thusly: Pattison, 44; Hough, 34; Eular, 29; Washburn, 22; White, 19; Tyler, 13; King, 9.

The district is considered reliably Democratic, and the nominee of the convention will undoubtedly be the next Congressman from that neck of the woods.

Carlisle and the Silver Bill.

As the Farmers' Alliance in Western Kentucky have been criticising Senator Carlisle for voting against the Silver bill, the following letter explaining his position has been published:

Hon. W. M. Smith, Mayfield, Ky.—Dear Sir: Your favor of the 15th instant is just received. Every Democrat in the Senate voted against the Silver bill as it was finally amended and reported by the Conference Committee because we believed it was worse than the existing laws. If the Farmers' Alliance of Graves County believe that this Republican measure, which substantially stops the coinage of the silver dollar after one year, is better than the Democratic law of 1878, they are, of course, entitled to their opinion, but I do not agree with them.

When the original House bill was under consideration in the Senate I voted to amend it so as to provide for the free and unlimited coinage of the silver dollar, and that amendment was adopted. The House, however, refused to agree to this amendment, and then a Conference Committee was appointed, which struck out free coinage entirely, and this is the bill I voted against. I send you by mail all three of the bills. Yours truly,

J. G. CARLISLE.

Too Virtuous, by Half.

The Covington Commonwealth jumps on our neighbor down the street with both feet. It says: "The Maysville Republican is exceedingly indignant because some Democratic newspapers continue to print lottery advertisements contrary to law, and refers to them as Bourbon organs. But on the fourth page of this pharisaic organ the reader is reminded that:

"The fairness with which the Republican has heretofore conducted the distribution of premiums among its patrons prompts the publisher to come before the public once more, satisfied that every present subscriber and hosts of new ones will embrace the opportunity to secure a ticket."

"And then follows a list of prizes from a gold watch worth \$75 to a Family Bible worth \$20.

"What a goody-goody set these pious deputy Wanamakers are, to be sure."

Notice to Water Consumers.

Owing to an accident to our pump, water consumers are requested to discontinue street and garden sprinkling for a few days, and be as economical as possible in the use of water until repairs are completed.

John Manning on Advertising.

"The advertisement should be well-timed and seasonable, carefully prepared and creditable in its matter, attractive in appearance and put forth with all the strength and ability available to the advertiser. Do not grudge the care you give your advertisements. The skillful angler only arrives at his skill by patient care, through many failures and disappointments, and the best marksman only hits the bull's eye after much practice, but he gets there eventually. The advertisement in its inception is like the little acorn that is planted in fruitful soil. It grows in strength, height and thickness from day to day, week to week, month to month, and from year to year, and its plastic qualities to suit all purposes will repay the care taken of its growth a hundred-fold when it grows to be the magnificent oak. Test the advertisement as an agency with vast resources, great endurance and silent under all abuses, as the sleepless and tireless champion of your cause and the faithful advocate of your interests."

Plant your advertisements in the EVENING BULLETIN and WEEKLY BULLETIN, if you wish to reach the people, especially of Mason and adjoining counties.

They Repudiate Foraker.

[Columbus (O.) special to Evening World.]

General John Beatty, the ex-Congressman and banker of this city, who led the revolt in the Republican party against Foraker last fall and accomplished his defeat, was asked to-day what he thought of the work of Cleveland convention and Foraker's speech. He said: "The convention was in the hands of Foraker's tools. The old gang still control the State Central Committee. The low trickster, Cappeller, is on it. For ker's ballot-box witness, Hadden, is there. Jennings, the quill through which Kurtz whistles, continues, and I assume the majority of the committee is of the same dirty feather.

"The convention was organized to whitewash Foraker, not to nominate a ticket. His speech as temporary Chairman is long and padded with fustian, but it contains some good advice which, if followed, would have saved the State from the calamities he now deplores. The impudence and arrogance of the man are wonderful, and he proposes to forgive us all. He invites us to lay our political sins on his shoulders. He offers himself as a sacrifice for our shortcomings. He tells us that his yoke is easy and his burden light. I am reminded of the old hymn:

And are we yet alive,
And do we still rebel;
Through Foraker's amazing grace
Our souls are saved from h—l.

"Let me tell him, however, and his whole troop of "small fry" politicians go to Halifax. His speech, as a whole, is the commonest kind of clap-trap. His political record is a stench in the nostrils of honest folks. He is being bolstered up now by an unclean lot of knaves, and not by the Republicans of Ohio."

OUR NEIGHBORS.

WASHINGTON.

Miss Elizabeth Peed Wilson, of Maysville, is sojourning with Miss Ethel Gault.

Mrs. M. M. Durrett, of Covington, is visiting the family of Mr. William H. Durrett.

Rev. F. S. Pollitt has returned from Tollesboro, where he has been visiting his father's family.

Miss Mary Marshall has returned from Sardinia, where she has been visiting her brother, Robert Marshall.

MILLWOOD

Mrs. Alex. Calvert, a few evenings ago, at her home near here, gave a most delightful entertainment in honor of Miss May Hord's guests, Misses McGarvey, Faut and Gess. Excellent music was furnished by a string band, to the strains of which light feet kept time in the mazes of the dance, or promenaded in the niching light of the moon through the beautiful grounds of this lovely home.

About 10 o'clock an elegant luncheon was served—such as only an artist hand like the charming hostess' could prepare.

Among the guests were: Misses McGarvey and Gess, of Lexington; Misses Faut and Hord, of Flemingsburg; Misses Lide, Frankie and Hattie Hord, of this county; Miss Agnes Dodson, of Maysville; Miss Bessie Barnes, of Wells and May, Hord, of this county, and others. Rev. Dr. Calvert, Willis and Gus Wells, James Tucker, Harry and George Dobson, Buckner Goodman, Messrs. Gabby and Strode, Jno. Rice, Oliver Hord and Lewis Long. The toilettes were pretty and becoming.

SHANNON.

Mrs. John E. Blaine and Mrs. Ed. Nute, of Peoria, daughters of Dr. McGranahan, spent last week as guests of their cousin, Mrs. Jas. H. Arthur.

Mrs. Maggie Ravencraft, an ex-Mason, now residing with her son-in-law, Mr. Jas. Arthur in Nicholas, is the guest of her daughter, Mrs. H. D. Watson. She reports fine crops growing of corn and tobacco in her county, some of the latter ready to top.

In fulfillment of Dr. Hicks' prophecy and the slogan of the Old Commonwealth, "We always win in Kentucky one day before it is too late," we had a splendid shower of 12 hours duration on Wednesday, last week. Corn took a new start and tobacco is greening up encouragingly.

The ladies of the M. E. Church, South, will give a moonlight fete Saturday night, August 2d, for the benefit of several general interests of the church. The occasion will be one of much interest. Let all who love music and beauty and ice cream and good things generally come and enjoy themselves and aid a most worthy object.

Mr. John Caldwell spent two months this season in Kansas and Missouri. He says the average Missourian and Kansan who was never in Kentucky thinks the "old Commonwealth" is a solid field of blue grass, divided into pretty lots, paved with smooth courses, filled with fine, fine trotters, &c.; that every house is a "man-lion" adorned with superb blue grass beauties and dashing boys and hospitable fathers, and that literally the whole State flows with milk and honey, and that you have only to strike a rock with a divining rod to produce the peerless limestone water, and that incomparable "blue ribbon" Bourbon. No wonder they all want to sell out and come to our "Old Kentucky Home" to live.

Interviewing Mrs. Ravencraft, your reporter enquired if she was going to attend Parks' Hill camp meeting. "No," she replied. "I have not been to a camp meeting since the one we had at Uncle John Cole's woods, near Shannondale, in the '40's." This reminded the writer that there were giants in those days. Henry Bascom and John Newland Maffitt came round those old religious gatherings and the vocal music (no organs or cornets then) was resounding, led by Miss Lydia Haws, a peerless songstress, and the grand bass by "Uncle" Jimmie Savage, the chorus being joined in by a thousand voices.

"A hymn o'er happy days departed,
A hope that such again may be."

"A Ground-Hog Case."

A boy was digging with an old hoe, as if for dear life, in an embankment at the roadside. A passing traveler, seeing the energy and earnestness of the boy, called to him, "What are you doing there, my lad?" Without losing a tick or looking up, "Diggin' fur a groun' hog" was answered. "Well, you will never get him at that rate," said the man. The boy, working on, replied, "The preacher's a comin' to our house to dinner, an' we've got to have meat, an' I must git that 'ar groun' hog." This is the origin of "it's a ground-hog case."

Now it is a "ground-hog case" with us in the matter of getting rid of our SUMMER FOOTWEAR, without regard to prices, that we may re-invest our means in the largest variety of Fall and Winter goods ever seen in Maysville. In view of our small margins, our success depends upon the frequency with which we are enabled to turn over capital. This stock must go. Come and see it and you will be astonished at our prices. Orders by mail solicited. Goods sent on approval.

Tobacco Buyers' Peculiarities.

The Western Tobacco Journal is giving the traits and peculiarities of the buyers who frequent the Cincinnati market. Here are a few of those mentioned this week:

"Dan Scott, Manchester, Ohio—Is a genial and jolly fellow, likes a good cigar, and is a Bogardus with a shot gun. He is a heavy-weight and confines his killing to his wife's pet chickens."

"Samuel Mastin, Kentucky—Makes haste slowly, but like the proverbial snail, gets there. Is honest and straight as a string in all his dealings. His word is his bond, and his bond is as good as gold."

"Perry Thomas, Aberdeen, Ohio—Always in a good humor, never talks anything but tobacco and boss. He and his energetic partner, Tom Summer—beg your pardon—Tom Winter, are joint owners of the coming trotter.

Circuit Court Doings.

'Squire L. M. Collis was allowed \$2 and Constable C. Coryell \$2.40 for services in felony cases.

In the case of W. N. Oridge versus Thomas L. Best, the jury found for plaintiff in the sum of \$580.50, the amount sued for. The action was over the sale of some tobacco. The case was tried at the April term, but the jury hung, standing eleven to one.

The present term has been extended twelve judicial days.

The petit jury has been discharged for the term.

Messrs. J. B. Burgess, W. E. Grimes and Abner Hord were appointed commissioners to select the juries for next term. They reported the list to the Judge this morning.

A Short Year on All Farm Products

Says the Bourbon News: "Colonel W. W. Baldwin and son, Bob, of Mason, passed through here from Lexington Monday evening. Colonel Baldwin gave as his opinion from observation, that there wouldn't be a half of a crop of tobacco in Kentucky this year, and that the weed would be high. He also said wheat would go to \$1 and \$1.20 within a month. He also cited the fact that the potato, corn and hemp crops were exceedingly short. In fact, he said, this will be a short year on all farm products."

Railway News.

During the second week in July eighty-six railroads show earnings of \$6,207,527, an increase of \$531,461. For the third week in July twenty-three roads report earnings of \$2,540,374, an increase of \$181,396.

The Kentucky Union trains are now running regularly between Lexington and St. Helens. The road is surfaced to within six miles of Jackson, and the editor of the Hustler says he expects to sit in his sanctum and hear the whistle of the locomotive by September 1st.

Ho! For Esculapia and Glen Springs.

Mr. Samuel Pollitt, of the Burtonville bus, is now carrying passengers direct from this city to Esculapia Springs, daily. The bus leaves Maysville at 2 p. m., and the conveyance arrives at the Springs at 7 p. m. Leaves Esculapia for Maysville at 5 a. m. Fare only \$1.50 each way. 2W

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

For the Farmer and Stockman.

Mr. E. R. Davis, of Helena Station, sold this week to Gentry Bros., of Lexington, one pair of mules for \$450.

There are now 700 horses at Palo Alto, Senator Stanford's California breeding farm, and they consume on an average 95,000 pounds of barley and 60,000 pounds of oats a month, says an exchange.

Sternberg won the two-year-old stake race at Harrodsburg this week in straight heats. Time, 2:33 1/2. His trotting is said to have been the fastest ever made by a two-year-old at this season of the year. He went the last half in 1:11 1/2.

Mason County's wheat crop this year is about half the average yield. The hay crop is up to the average and has been harvested in good condition. Corn is doing well, but to make an average crop it will need another good rain in a few days. A close observer estimates that tobacco can not make over half a crop even with the most favorable weather from now on.

The wool and sheep industry of the Argentine Republic has reached enormous figures. There are now in that country nearly 71,000,000 of sheep, producing about 130,000 tons of wool, valued at about \$45,000,000. Of the wool exports from the Argentine Republic Germany takes upward of one-fourth, Belgium about one-fourth, France upward of 40 per cent, the United States only \$800,000 worth, and Great Britain \$1,000,000 worth. The wool is shipped in the dirt, one-third being wool and two-thirds dirt, so that when figured down to hand-spin, the product of the 71,000,000 sheep is less than 100,000,000 pounds of washed wool.

It is observed that at the close of 1889 the list of 2:30 or better trotters reached the formidable number of 3,851. It would be tedious to go into detail as respects these. Nor is it necessary that this should be done, as most breeders are no longer satisfied with only a 2:30 trotter. We will only call attention to the fact that these 3,851 animals were begotten by 1,581 sires. As respects these sires, 1,422 were without records as low as 2:30, and 159 have records as low as 2:30. These 159 sires have produced 573 trotters with records in 2:30 or better. And it is quite a significant fact that of these 573 a very large majority of them were begotten before their sires had their own best records. At the close of the year 1889 there were 300 that had records in 2:20 or better.

Each day of the Maysville fair, the C. and O. will run trains every fifteen minutes between Market street and the grounds. To accommodate the citizens of the East End trains will make regular stops at Lexington street. The company will also run an accommodation train between New Richmond and Maysville, although this train last year did not pay expenses.

A BLACKSMITH SAVES THE LIFE OF A LITTLE GIRL.—Minnie Carney was perhaps as near leaving this world as anyone can be to recover. She was sick with cholera morbus, completely exhausted and unconscious. The physicians in consultation decided the case was hopeless and beyond their control. Chas. J. Newcomb, a blacksmith, walked four miles through the darkness and storm, to get a remedy he had himself used, and which he firmly believed would cure her. That medicine was Chamberlain's Colic, Cholera and Diarrhea Remedy. He obtained part of a bottle, with which he hastily returned, and gave the little sufferer a half teaspoonful, which relieved her and consciousness gradually returned. The medicine was given in broken doses, and in a short time she was well. He is positive that it saved her life, and has others in that vicinity. For sale by Power & Reynolds.

MINER'S AXIMS.

A starved cow will give starved milk;

A "skinned" shoe will give "skinned" wear.

You can't put a cow on starvation diet and get good, rich cream out of her. You remember that the man who had discovered the way to keep a horse without feeding had a dead horse just about the time he had perfected his discovery.

You can't get out of a thing what isn't put into it.

Put good feed into a cow and you get good milk out of her—rich milk that will make cream.

Put good material into a shoe and you get good wear out of it. But a "skinned" shoe is as sure to give "skinned" wear as a starved cow is to give starved milk.

YOU don't want "skinned" shoes.

How can you avoid them?

Foreign Dispatches.

Still Later Account of the War in South America.

THE TROUBLE ALL SETTLED.

Our Reason Given Why the Insurgents Were Not Successful—President Celman Not Popular With the People—Various Other Foreign News Notes.

LONDON, July 31.—The Times' Buenos Ayres dispatch says that every house was converted into a citadel Tuesday night. The insurgents state that they found the ammunition boxes in the government stores empty instead of full, as they should have been according to the official store book. This thwarted their plans, and together with their error in not tearing up the railroads to prevent transportation of troops from the interior, and in not making the minister of war premier at the outset, accounts, they say, for the failure of the popular cause. The exasperation against President Celman and his colleagues is said to be intense.

It is feared that unless Celman resigns an attempt will be made upon his life. The bourse has postponed settlements until Aug. 9. Exchange shops quote gold at 480. Celman appears not to realize the uncertainty of his position. He has made the statement that only such a military mutiny could show the people how little he thought of resigning. It is reported that the rebellious squadron have surrendered. The payment of all bills has been deferred one month. The minister of war has issued a bulletin pardoning the mutineers in ranks and declaring that 200,000 members of the National guard stood ready to defend the country.

Gladstone's Latest Speech.

LONDON, July 31.—Mr. Gladstone, speaking at the National Liberal club last night, said there had never been more distinct proof that the heart and mind of the nation were with the Liberals than had been afforded since the assembling of the present session of parliament. In the course of his remarks Mr. Gladstone referred to the mission of Sir Sierton Simmons to the Roman court as a novelty in English history, which would require attention at the next session, unless, as the expenses of the mission were not taken from money voted by the house of commons, parliament might not have a chance to discuss the nature of the affair. The object of the mission appeared to have been to induce the pope to prop up the failing cause of the anti-Irish party.

Imperial Ukase.

ST. PETERSBURG, July 31.—An imperial ukase has been issued forbidding further operations by Protestant missionaries, especially in Western Russia, on penalty of the offenders being conducted to the frontier.

No Confidence in Rome.

ROME, July 31.—The government has forbidden emigrants to the Argentine Republic. The reason given is that the authorities have received news that the revolutionary movement is likely to continue.

Latest from Buenos Ayres.

RIO JANEIRO, July 31.—Advices from Buenos Ayres are that quiet is restored. The leaders of the insurrection have accepted the terms offered by the government.

Foreign Notes.

Cholera is raging in Bagdad and vicinity, and great apprehension exists less the scourge should spread westward.

Baron Wissmann was out of his house for the first time since his illness. He is still very weak, however, and his physicians advise him to take a prolonged rest.

It is reported in Limerick that Bishop O'Dwyer has received a letter from the pope approving his recent letter censuring Mr. Dillon in connection with the Persico mission.

The London Telegraph says that England and France will appoint commissioners to delimit the French sphere of influence in Central Africa in connection with the German agreement.

The Prince of Montenegro has made a formal demand upon the porte for indemnity for the outrages committed by Albanians, and threatens that the Montenegrins will cross the frontier in force unless prompt satisfaction is given by the Turks. The demand is significant for the reason that Montenegro is so closely associated with Russia.

The French Bishop Levinac, who has returned to Zanzibar from a mission in the interior, reports that he met Emin Pasha on his way. Emin was not well, and there was considerable sickness among his company. Several of the officers were thought to be in dying condition.

The Congo bill, ratified by the Belgian house of representatives on the 25th instant was ratified by the senate. The bill appropriates 25,000,000 francs.

A Vienna dispatch says that an ukase is impending in Russia for the expulsion of the Jews, numbering 4,000,000, from that country. This action is said to be contemplated as the only means of putting an end to the constant strife between the poorer classes of citizens and peasants and the Hebrews, growing out of money transactions and race hatreds. The dispatch adds that the Rothschilds are urging France to use her influence with Russia for the prevention of the threat of expulsion.

The English Royal Niger company has prohibited the importation or sale of intoxicating liquor in its African territory north of the seventh parallel of north latitude. The officials of the company state their conviction that the evils growing out of the liquor traffic are much more than cancelled by the pecuniary losses resulting from demoralization among natives and whites caused by use of liquor. They do not claim to be actuated by moral motives, but are proceeding on business principles.

The latest returns show that 96,000 out of the 97,000 men in the English home army are under 21 years old.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cures the system effectively, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities command it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

An opportunity seldom presented. We make these stupendous reductions in order to reduce our stock as much as we can by the 15th of August. Our stock is first-class, and all goods will be sold to give room for our new Fall Goods, and to facilitate an addition to our store and other improvements to suit the wants of our business.

Remember this is a rare chance, and we ask all to bear it in mind, and we cordially invite every one to come and have all their wants supplied in Dry Goods.

D. HUNT & SON, SECOND STREET.

IN ORDER TO REDUCE STOCK,

EVERYTHING GOES AT RUINOUSLY LOW PRICES, FOR THIRTY DAYS, AT

McKrell's Spot Cash Dry Goods House.
